Purpose: Per the City of Madison Zoning Ordinance, the Official Schedule of District Regulations identifies each land use according to whether it is a permitted use, a conditional use, or a prohibited use within each district. A conditional use permit is granted by the Board of Zoning Appeals to allow a use other than a principally permitted use to be established within the district to the property owner who makes the original application. This permit does not transfer to the new owner if the property changes ownership. The new owner must apply to the Board of Zoning Appeals for a new permit in order to continue the use that was conditionally allowed.

This application must be filed at least 15 days prior to scheduled meeting to be eligible for consideration at that meeting. Actual deadlines vary due to holidays, office business hours and operating schedule, media publishing deadlines, etc. Deadlines are published publicly and can also be provided by contacting the Planning Office.
