NEIGHBORHOOD MIXED-USE

Neighborhood Mixed-Use refers to traditional neighborhoods with a historic development pattern such as those in the southern section of Madison generally between the bluff and the Ohio River. It is primarily a mix of single and two-family homes and small multifamily buildings with minimal setback from the street. This land use also includes some mixed-use commercial/residential properties. Some are on alleys with rear-loaded garages and in some cases only on-street parking, but typically these homes do not have front-loading garages unless at the rear of the lot. This designation surrounds the core around Main Street and much lies within the Historic District. There is a continuous network of blocks connected by streets and sidewalks that lead to parks, the central business and civic area. Vacant lots should be redeveloped with compatible infill that reflects the desired character of the neighborhood. This designation can also serve as a transition between lower density residential and commercial or business activities. Development should be connected to City utilities and public services.

Purpose: Per the City of Madison Zoning Ordinance, the Official Schedule of District Regulations identifies each land use according to whether it is a permitted use, a conditional use, or a prohibited use within each district. A conditional use permit is granted by the Board of Zoning Appeals to allow a use other than a principally permitted use to be established within the district to the property owner who makes the original application. This permit does not transfer to the new owner if the property changes ownership. The new owner must apply to the Board of Zoning Appeals for a new permit in order to continue the use that was conditionally allowed.

This application must be filed at least 15 days prior to scheduled meeting to be eligible for consideration at that meeting. Actual deadlines vary due to holidays, office business hours and operating schedule, media publishing deadlines, etc. Deadlines are published publicly and can also be provided by contacting the Planning Office.
