# SECTION 1 – PREPARATION OF RELOCATION PLANS FOR INDOT'S CONSTRUCTION CONTRACT

The Utility shall prepare, or cause to be prepared, all plans, specifications and a preliminary itemized cost estimate, for relocation of the Utility's facilities that need to be relocated in order to construct INDOT's project. INDOT's construction contract will require the contractor, which is awarded the contract, to list the Utility as an additional named insured. In addition, INDOT's construction contract will provide that the Utility is a third-party beneficiary with respect to the relocation work. No changes to the plans or specifications for relocation of the Utility's facilities shall be made without the written approval of the Utility. INDOT will prepare the final engineer's estimate for the construction contract.

#### SECTION 2 – AWARDING OF CONSTRUCTION CONTRACT

INDOT will advertise one (1) contract for bids which includes the plans and specifications for relocation of the Utility's facilities and INDOT's plans and specifications for INDOT's project. Upon receipt of an acceptable bid in accordance with State law, INDOT will award a contract for construction of the work. The Utility agrees to have the contractor to whom INDOT awards the contract relocate the Utility's facilities.

#### SECTION 3 – CONSTRUCTION TESTING AND INSPECTION

INDOT will provide construction inspection and testing services to monitor the contractor's relocation of the Utility's facilities. The Utility may inspect, at its own cost, the relocation of the Utility's facilities. The Utility shall timely advise INDOT, in writing, of any deficiencies that are observed. Prior to INDOT's final acceptance of the construction contract, the Utility shall make an inspection of the Utility's relocation work and advise INDOT in writing of the Utility's acceptance thereof. Such acceptance shall not be unreasonably withheld.

#### SECTION 4 – SUBORDINATION OF RIGHTS

## [Check the following that applies]

$\boxtimes$ The $\epsilon$	existing	facilities	are located	on public r	ight-of-way.	
□The €	existing	facilities	are not loc	ated on pub	lic right-of-w	vay.

If such facilities are located on property, other than public right-of-way, and the Utility either has an easement thereon or a continuing right to maintain the facilities in that location, the Utility, for and in consideration of this Agreement, shall subordinate the Utility's rights herein to those of the INDOT in the highway right-of-way by executing a subordination Agreement.

## SECTION 5 – REIMBURSEMENT

- (a) <u>0.00</u>% of the cost to design and prepare construction plans, specifications and preliminary itemized cost estimate for relocation of the Utility's facilities shall be borne by INDOT.
- (b) <u>0.00</u>% of the cost to provide testing and inspection services for relocation of the Utility's facilities shall be borne by INDOT.
- (c) INDOT shall bear <u>0.00</u> % of the cost of relocating the Utility's facilities. (See exhibit "B", attached hereto and incorporated by reference.)

The cost of relocation of the Utility's facilities (provided for in (c)) shall equal the amount paid by INDOT to the contractor (based upon the actual units of work performed at the unit prices set out in the contractor's itemized proposal or extra work agreement), selected in accordance with the procedure in Section 2.

The estimated cost of relocation is \$45,600.00 (See Exhibit "B" for an itemized estimate of all anticipated costs, including but not limited to, materials, labor, and equipment costs.)

The estimated cost of non-reimbursable relocation work to the utility's facilities is \$45,600.00. The Utility has appropriated, duly made and entered of record, the sum of \$45,600.00 to apply to the cost of the project. A copy of the Utility's official record wherein such appropriation was made is attached as Exhibit "C" attached hereto and incorporated by reference. If the amount to be contributed by the utility is zero then no Exhibit "C" is attached.

#### SECTION 6 – COMPLETION OF PROJECT

Upon final acceptance of the contractor's work (the construction contract) by INDOT, the Utility shall be responsible for maintenance, repair, and/or reconstruction of the Utility's facilities.

#### SECTION 7 – WAIVER

In consideration for INDOT's participation in this contract, the Utility waives any claim, demand, or expectation it may have in the future against INDOT based upon any negligent omission and/or commission by INDOT's contractor performing the relocation of the Utility's facilities.

#### SECTION 8 – PAYMENTS

Within forty-five (45) days after the contract is awarded, the Utility shall pay INDOT a sum equal to one hundred percent (100%) of the Utility's share of the bid price for construction as stated above in Section 5. If an Advice of Change Order (AC) is approved which increases the Utility's share of the project cost, the Utility shall pay INDOT within thirty (30) days a sum equal to one hundred percent (100%) of such increased cost. If the Utility's share is less than the amount the utility has contributed, then INDOT will refund the difference within thirty (30) days.

All payments shall be made in arrears in conformance with State fiscal policies and procedures and, as required by IC 4-13-2-14.8, by electronic funds transfer to the financial institution designated by the Utility in writing unless a specific waiver has been obtained from the Auditor of State.
